

THE WORLD'S MOST USED **ALL-IN-ONE** INVESTIGATION PLATFORM

Accelerating complex cyber investigations from hours to minutes.

POWER PRELIMINARY AND ADVANCED INVESTIGATIONS FOR SPECIALIZED CASES:

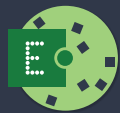

Maltego Graph

Conduct complex link analysis to uncover connections in large datasets and map evidence to chronological timeline and geographical locations.

Maltego Search

Run simple searches for quick OSINT investigations and create person of interest profiles in the browser and across devices.

LEVERAGE SOCIAL MEDIA INTELLIGENCE FOR PROSECUTION AND PUBLIC SAFETY:

Maltego
Evidence
Formerly Social Network Harvester

Intuitive, court-ready social media evidence collection, preservation, and cross-network data validation of text and visual intelligence, all done with built-in sock puppet infrastructure for operational security.

Maltego
Monitor
Formerly PublicSonar

Real-time monitoring and AI-powered sentiment analysis of potential and ongoing public safety disruptions and crisis leveraging large-scale, automatic OSINT aggregation from social media, news sources, and online blogs.

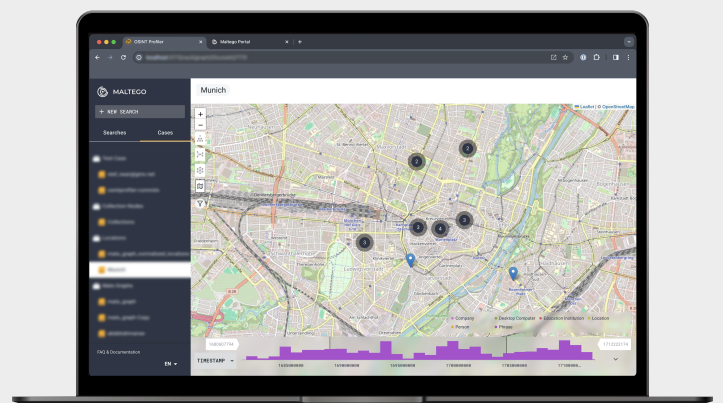

ENSURE SMOOTH COLLABORATION AND ADMINISTRATIVE EXCELLENCE:

Maltego Cases

Cloud-based storage for clear documentation of investigation progress and collaboration.

Maltego Admin

Audit and analyze your organization's Maltego usage, billing, and access authorization.

ALL DATA AT YOUR FINGERTIPS

Equip your team of investigators with the most essential and relevant data for your use cases at all times.

Cyber Threat Intelligence

Out-of-the-Box access to household CTI feeds

Customizable SIEM and TIP connectors to streamline your CTI workflow

More than 100 ready-made connectors for OSINT and your external data sources

Government

Out-of-the-box access to unmatched intelligence from

More than 200 social media platforms, over 1BN online identities, over 1TB breached data, and 200 million company records.

Built-in capability to collect, preserve, and monitor social media intelligence from

More than 100 ready-made connectors for OSINT and your external data sources

CONTINUOUS DEDICATION & SERVICE TO ENSURE YOUR SUCCESS WITH MALTEGO:

Custom Services

Work with our custom engineering consultants for specialized Maltego deployment to suit your organization's investigative and compliance needs.

Maltego Academy

Access to Enterprise-grade on-demand courses, OSINT Masterclasses with industry experts, and live training sessions with our specialists.

Get all your essential intelligence in one place and fight crime within minutes.

Schedule a personalized demo with Maltego.

"Maltego is the first tool I would install on any analyst's laptop, and the first I open any time I'm starting a new investigation. From the ability to access many different data sources to the advanced visualizations, it is an absolutely essential part of modern investigations."

ROBERT MCARDLE, TREND MICRO

"Maltego's strength lies in its capability to visualize relationships among Entities. **Ultimately, Maltego enables us to quickly obtain information about the subject from the surface web and the deep and dark web.**"

UKRAINIAN CYBER POLICE
